Enterprising soldiers of fortune took the knowledge of spices to Egypt. There they used spices and aromatic herbs in food, medicine, cosmetics and for embalming. The conquest of Egypt and Asia by Alexander the Great made spices an article of commerce in Mediterranean countries and later in central and Northern Europe. There are reports of pepper being used in meat, both to aid preservation and to mask the unwelcome odour of deterioration of quality during the long winter storage. Hippocrates, the father of modern medicine and Theophrastus, a Greek scholar and botanist, wrote treatises on medicinal plants, including spices. India has been home to most of the major spices of the world with varieties from Kerala dominating international trade. To Orientals, spices are indeed the soul of food. In the Western world, it evokes dreams of exotic tropical islands, exciting expeditions to find routes to the source and the rise and fall of empires.

Comprehension:

Read the passage carefully and answer the questions that follow.

Happiness, like the sun, is often hidden by the clouds of thoughts, worries and desires. We have to scatter and dissolve them to experience happiness. You don't have to create happiness. You have to calm your mind because when there is a quiet mind and inner peace, there is happiness. Happiness is not something far away and unattainable. Happiness does not depend on circumstances, objects, or events. It is an inseparable part of our consciousness, of our essence, but hidden and covered from sight by our thoughts, desires and worries. The mind is always in a constant race from one thought to another, from one worry to another. It constantly moves from one object or task to another, never standing still, this restlessness hides the happiness that is within you. It is like a choppy sea that hides the bottom. When the sea gets calm, you can see the bottom. In the same way, when the mind gets quiet, you sense the happiness that is within you. You cannot see a treasure at the bottom of a stormy and muddy sea. However, when the wind stops, the water becomes still and the mud sinks, the treasure is visible.

Q.14 योग और भक्ति ने गृहस्थ को किस रूप में प्रभावित किया है ?

Comprehension:

दिए गए गद्यांश को ध्यानपूर्वक पढ़कर पूछे गए प्रश्नों के सर्वाधिक उपयुक्त उत्तर वाले विकल्प चुनकर लिखिए—

कलियुग सब युगों से अच्छा है, क्योंकि इसमें मानस-पाप का कुछ फल नहीं होता, किन्तु मानस-पुण्य का पूरा फल मिलता है । राम का नाम राम से भी बड़ा है, भय की कोई जरूरत नहीं है । योग ने गृहस्थ को जरूरत से ज्यादा संशयालु बना दिया था, भक्ति ने पूरा आशावादी । एक ने मुक्ति को महुँगा सौदा बता दिया, दूसरे ने बहुत सस्ता । योग में गलदश्रु भावुकता का कोई स्थान नहीं । जो भक्ति पद-पद पर भक्त को कंप, आवेग, जड़ता और रोमोदगम की अवस्था ले आ देती है वह इस क्षेत्र में अपरिचित थी और यदि सद्यमुच ही भाग और विभाग कल्पित हैं, कल्प-विकल्प बेकार हैं, संसार मृग-मरीचिका है, परम तत्त्व विभाग और अविभाग से परे है, सूक्ष्म और स्थूल के अतीत है - यदि वे एक-रस है, समरस है तो फिर रोने से होता क्या है ? भगवान श्रीकृष्ण ने गीता में बताया है कि धरती पर 4 युग होंगे । सतयुग, त्रेतायुग, द्वापरयुग और कलियुग । सतयुग में धरती पर धर्म का बोलबाला था । त्रेतायुग में धर्म के साथ-साथ अधर्म भी चलन में आया । द्वापरयुग में अधर्म और पाप ने धरती पर अपनी जगह बना ली । अभी कलियुग में धरती पर धर्म से ज्यादा पाप है । गीता में ये भी कहा गया है कि जब-जब धरती पर पाप बढ़ेगा भगवान धरती का कल्याण करने जरूर आयेंगे ।
